Quotations in Berlin for fat 600 pound horses for slaughtering have fallen from \$37.50 and \$40 to \$25, and for fair to middling, and lean from \$25 to \$18.75 to \$20, in consequence of the exposure of the large quantities of horse meat sold as beef or used for making sausage. Horse flesh has long been a regular article of food but municipal ordinances in most cities require that it shall be sold as such. The extraordinarily high prices of meat, however, have caused extensive evasions of the law and a great increase in the sale of horse steaks and soup bones as beef. While the German frontiers are closed to the importation of live cattle, the prohibition does not apply to old, broken down horses, which are brought by shiploads from England, especially to Hamburg and Bremen, and are fattened for butchering.

Governor Taft's report is on the way and will be presented to congress as soon as it arrives. Some of the main features of it have been noted. He will make radical recommendation in regard to tariff and currency. Governor Taft always has been in favor of further tariff concessions to the Philippines and it is believed that he will recommend that the rate, which is now 75 per cent of the Dingley rates, should be made 25 per cent in order to encourage commerce between the islands and the United States. Governor Taft also has been in favor of a modification of Chinese exclusion laws as applied to the Philippines and believes that the commission should be allowed discretion in the matter of admitting Chinese labor.

Just Received.

The suit of Theodore D. Driscoll, conservator of the Mary Tindall estate, vs. John Alexander Dowle, closed Wednesday and the jury brought in a verdict against Elijah the Second. The court proved that Mary Tindall 87 years of age, has been unduly influenced. The suit has cost Dowle thousands of dollars. He had four lawyers fighting it. The conservator was appointed six weeks after the transfer, which was brought about two children, who were Dowleites. The suit was brought about by the six other children, who did not believe in Dowle.

A GREAT SINGER'S NARROW ESCAPE.

His Voice Was About Lost—Physicians Failed—Peruna as a Last Resort Brought Back Health and Strength.

PROF. FRITZ VOLLMER, PRESIDENT SCHWABISCHER SÄNGERBUND, OF CHICAGO, ILL., SAVED FROM ENTIRE LOSS OF VOICE BY PERUNA.

MANY PEOPLE can tolerate slight catarrhal affections. But this is not true of the public speaker or singer. His voice must always be clear, lungs perfect, digestion undisturbed. Hence the popularity of Peruna among the leading professional men and women of the country.

Fritz Vollmer, President Schwabischer Sängerbund, Chicago, in a recent letter to The Peruna Medicine Co., says:

"I was greatly troubled for weeks with throat trouble which the doctors defined as catarrh, but could only give me temporary relief."

"My voice was badly affected and I was afraid I would lose it entirely. I read of some of the wonderful things your Peruna would do and thought it advisable to try some myself."

"I am pleased to state that in a very short time I was cured."—FRITZ VOLLMER.

The state convention of county clerks, now in session at Springfield, elected the following officers for the ensuing year: President, H. E. Patton, Springfield; Secretary, S. B. Mr. Thornton has been one of the most active members of this organization for several years and the honor conferred upon him is richly deserved and properly appreciated by his friends in Lafayette county.
